- Administration Technical services
 Public services Other _____

Duties/Responsibilities

In user-focused, service-oriented team environment, the Reference-Liaison Librarian will provide services that develop & strengthen relationships with library constituencies (colleges, depts, programs, indiv faculty, clinicians, researchers). Specific duties include: development & delivery of instructional units, both in-person & online; design & production of support materials for Web and other technologies; evidence-based medicine collaboration with faculty & health care professionals; new faculty orientations; personal consulting & assistance to researchers, clinicians & students.

Educational Requirements

Include necessary degree(s) and discipline(s) (e.g., M.S. in library science).

ALA-accredited masters in library, information science or a related field.

Candidate will demonstrate an aptitude for online searching, teaching, and the use of emerging technologies for information management and dissemination. Excellent oral and written communication skills are required.

Experience or Additional Requirements

Must have a strong public-service attitude and interpersonal skills. Must be flexible, with the ability to recognize and respond to opportunities in our rapidly changing environment. Must be able to work interactively with all constituencies of the academic medical center and to work collaboratively within the library program. Library experience desired but not required; new graduates are encouraged to apply.
