

Not enough space in your booth to demo your products or services? Too many attendees asking for information at the same time? Try the Technology Showcase.

This year's exhibitor will once again have an opportunity to showcase products in a theater-style setting for 40 individuals. The showcase features an Internet connection and projection system and will be available during exhibit hours (as noted on application form). Meeting attendees will be able to see your product in action and ask questions without the distractions of a crowded booth in the exhibits area.

Technology Showcase sessions are 30 minutes in length and will be offered on the schedule listed on page 2, during official hours of the Hall of Exhibits. MLA is offering a limited number of Technology Showcase opportunities.

Paid exhibitors are required to complete this form and submit \$500 per Showcase Session to secure a specific time. All applications will be accepted on a first-come, first-served basis and will be confirmed by email no later than **February 11, 2008**. Applications will be accepted until all available rooms are filled or until **February 25, 2008**, for inclusion in the *MLA Official Program*, which is distributed onsite to all registered attendees. You may still request space after this time and your Technology Showcase will be promoted in the addendum.

In return for the application fee, MLA will allow usage of Technology Showcase space, located in a meeting room in the Hall of Exhibits. MLA will provide theater-style seating for up to 40 people, a data projector, screen (or similar), and Internet connection. No changes in room seating or audio visual setups can be accommodated. MLA will also promote these opportunities before the meeting at www.mlanet.org, in the **MLA '08 Official Program** (if received by **February 25, 2008**), or program addendum and with a sign indicating the full day's Technology Showcase schedule outside the presentation door. Exhibitors are encouraged to promote their Technology Showcase sessions directly with their customers and MLA attendees (see exhibitor's manual for registrant mailing information). MLA reserves the right to adjust meeting time assignments until the *MLA Official Program* goes to print in March. Even after time assignments are issued with the confirmation, exhibitors should contact the conference director to reconfirm details before promotional pieces are designed.

Form submission deadline: ASAP (or no later than **February 25, 2008**, to be included in the onsite *Official Program*.)
