May 8: Post-meeting continuing education courses, local tours

May 13: Meeting content posted on MLANET for attendees

Stay Informed—Make Connections

The year 2013 will provide a unique opportunity to explore the global interdependency of health information at a federated international meeting incorporating the 2013 Annual Meeting and Exhibition of the Medical Library Association (MLA '13), the 11th International Congress on Medical Librarianship (ICML), the 7th International Conference of Animal Health Information Specialists (ICAHIS), and the 6th International Clinical Librarian Conference (ICLC).

Come participate and celebrate the information aspects, rich diversity, and global interdependencies of "One Health." General meeting topics include trustworthy and authoritative publicly available information, new methods of publishing, global data sharing to advance science, and environmental aspects of global health. The international meeting will be a federated meeting incorporating MLA's extensive continuing education and section programming as well as offering an intriguing palette of international papers and posters that underscore our global information interdependency.

Papers and Posters Submissions

Structured abstracts for contributed papers and submissions for concepts best presented in poster format may be submitted electronically beginning November 2011. Authors must use the structured abstract guidelines available on MLA's Research Section website, located at www.research.mlanet.org/structured_abstract.html. **The contributed papers and posters submission deadline is May 1, 2012.** Authors will be notified by July 2, 2012. Watch for submission instructions on MLANET, available in fall 2011. Posters and supplemental materials will be published on MLANET prior to the meeting.

Papers Contact: Ramune Kubilius, AHIP, Section Council liaison, r-kubilius@northwestern.edu

Posters Contacts: Gurpreet K. (Preet) Rana (Preet@umich.edu) and Anne K. Seymour (seymoura@mail.med.upenn.edu)
