Please forgive the cross-posting!

----------------------------------------------
Dear Librarian Colleague,

Kris Alpi and I, co-chairs of the Research Awards Committee from the
Research Section, would like to invite you to serve as a judge for research
papers and/or posters prior to and/or at the 2011 annual meeting in
Minneapolis in May.  If you are presenting a paper, you may still
participate as a poster judge.  Poster presenters may participate as paper
judges.  Even if you are not planning to attend the annual meeting, we will
be reviewing abstracts of posters before the meeting to narrow down the
number of posters to be judged onsite and could use your help.

Duties are as follows:
1. View assigned paper or poster abstracts online before the meeting and
rate the abstract using the abstract section of the judging evaluation forms
that will be provided.

2. Attend the meeting of the Research Awards Committee on May 15, Sunday
from 7:00 a.m. ? 9:00 a.m. to receive final assignments and instructions.
If this is not possible, other arrangements can be made.

3. The poster judges visit assigned posters during the poster sessions to be
able to talk with the presenters.

4. The paper judges attend assigned paper sessions.

5. All judges complete the evaluation forms and return them to the award
co-chairs by the end of the annual meeting or by an otherwise agreed upon
```

deadline.

Your help as a judge would be greatly appreciated. Please fill in the
attached form (also available online at
http://research.mlanet.org/awards/awardjudgeregistration.doc) and e-mail or
mail it to Donghua Tao by *April 15*. Please feel free to recommend others
for judging and do not hesitate to contact me if you have questions.   My
address is as follows:
                                    Donghua Tao
                                    Saint Louis University
                                    Medical Center Library
                                    1402 S. Grand Blvd.
                                    St. Louis, MO 63104
                                    taod at slu.edu

Sincerely,

Donghua Tao
Co-Chair of the MLA Research Section Awards Committee

CC: Kris Alpi

Hello everyone,
Have we sent out information to Research Section members about the business
meeting time and other sessions they should mark on their calendars to
attend?
I have written down that the business meeting is on May 16th at 7am- is this
correct? What about the Research Connection event?

Thank you,
Brooke

Hi Brooke,

The Research Connection session this year is about the awards process.   Here
is
the information: It would be great if you could send it to all the
membership. Donghua will be specifically inviting the judges, but it is open
to
everyone.

Thanks!

Kris

Hello Everyone!
I?m trying to get organized so that everything isn?t total chaos when I take
over as RS Chair after MLA. I guess the first order of business is to find
out which of you are willing to stay on the RS Board. Then I think it would
be wise to find out if you want to keep the same jobs or if you would like a
change.

The third thing I need to find out is if there were any volunteers on the
membership renewal forms. Brooke, do you have that information? Or maybe
Beatriz?

The Strategic Planning Committee has looked at the data from the Survey and
found that we have a lot to do to make this Section more viable. I can?t
believe how many MLA members don?t even know the RS exists!!! We really
need to do something about that. I think this is probably a subject that we
have beaten to death, but apparently we have not yet found the solution. I
am sure we will be discussing it again at our business meeting on Monday,
May 16 at 7:00 am so please do some thinking about it and contribute your
thoughts at the meeting. Also, encourage your friends who are members of
the Section to attend this meeting. (and more importantly, encourage your
friends who are not members to join).

Looking forward to hearing from you?and seeing you all in Minneapolis.

Carole,
I have a spreadsheet with member information as of January 1 but there is not
a column that indicates members' interest in volunteering.

I am provided with the following information-
Section Name

Display Name

First Name

Last Name

Institution

Library_Contact

Addr1

Addr2

Addr3

City

State

Country

Zip_Postal

Email

Payment_date

Invoice_amt

We don't have a separate Research Section Executive Committee meeting, do we?

School is back in session and that means that Research Section business is
too! I need to get the planning grid in before the end of the month. Is
there anything concerning your committees that you would like me put in the
planning grid? I worked on a draft today, but would be glad to add to what
I have. Please let me know by mid-week as time is short.

Hello All
Attached is a draft of the planning grid I came up with from my notes at the
Section Meeting at MLA. Please feel to critique, add, subtract, edit,
whatever you think needs doing.
I could also use some help with the evaluation part, especially with regards
to Goals 4 & 5.

Please send me your comments by Friday as I will be out of town at the
Michigan meeting from Tuesday through Friday and then at my granddaughter?s
softball game and at the cottage the following week.

Thanks!

Hi Carole,

Thanks for the opportunity to add to this. I added some of the memberships
you had under advocacy to the membership section.? Added a second objective
under Creating Knowledge to include the development of CE courses such as my
Epidemiology for Librarians course which was developed by member request and
is on the list for MLA 2012.? Also added the evaluation sections you wanted
and fleshed out the program stuff under Lifelong Learning.

Enjoy your meeting and vacation!? I am away on Friday at the NC state
meeting.

Kris

Planning Grid Hello All
Attached is a draft of the planning grid I came up with from my notes at the
Section Meeting at MLA. ?Please feel to critique, add, subtract, edit,
whatever you think needs doing.
I could also use some help with the evaluation part, especially with regards
to Goals 4 & 5.

Please send me your comments by Friday as I will be out of town at the
Michigan meeting from Tuesday through Friday and then at my granddaughter?s
softball game and at the cottage the following week.

Thanks!

Carole

Hi Carole,
I added to Kris' draft under 'building a network of partners' to include
a partnership with MLES based on strategic need to encourage MLES
members (many academics) to serve as research mentors (idea came forward
in our Strategic Planning process).

I also like Kris' second bullet under 'creating knowledge' to foster
development of CE research courses including online courses...because
online courses were an expressed need in our survey. Also I really
support Carole's emphasis on member recruitment, promoting leadership
opportunities, strengthening mentor program, and publicizing RS
activities -- all broad goals in Strategic Plan.

Thank you for letting us comment on annual section goals.

Sorry I am tardy in responding.
-- Susan

Hello All!

Thanks to those of you who made and added comments to the Planning Grid. I
sent it off to Susan at MLA HQ tonight. Attached, is the final grid. Now
we all need to get to work to bring some of those goals to fruition. Fall
state and chapter meetings are upon us so I will let you alone until they
are over. Then we will start to work!

Happy Fall!

Hello All
Just got the Planning Grid submitted when I got the request for the Midyear
report. So, please send me what your committee, task force, etc has
accomplished so far in this Association year. I will be at the Michigan
meeting the rest of this week, and will only have the weekend to work on
this before it is due , so PLEASE, get your reports to me by the end of this
week. Thanks!

Hi all

The first 15 years of RS history were written by Bob Braude and published in
Hypothesis.?? Is anyone interested in finding someone to write the next 15
for our 30th anniversary next year?

Kris

Sent: Tuesday, September 27, 2011 11:52 AM
Subject: [mla-section] Action Section Council Representatives--Anniversaries

Colleagues,

Every year MLA sends a congratulatory
letter to sections celebrating anniversary
milestones. ?According to the spreadsheet
provided to me by Judy, the following
sections are celebrating in 2012. ?Please
verify these anniversaries and also check
to make sure your section has not be
overlooked. ?I need to submit a list to the
Board at the end of October so your
prompt attention would be greatly appreciated.

Health Associations ?60 years
NAHRS ?50 years
Educational Media and Technology 40
years
Research ?30 years
Technical Services 30 years.

Warm regards
Ysabel

Hello All
I guess I need to respond to this...and if indeed, the Section is 30 years
old, we probably should have a celebration of some kind.
However, I?ve not been around that long so I don?t know what year we were
founded. Can anyone confirm this date?

Colleagues,

Every year MLA sends a congratulatory letter to sections celebrating
anniversary
milestones. According to the spreadsheet provided to me by Judy, the
following
sections are celebrating in 2012. Please verify these anniversaries and
also check
to make sure your section has not be overlooked. I need to submit a list to
the
Board at the end of October so your prompt attention would be greatly
appreciated.

Health Associations 60 years
NAHRS 50 years
Educational Media and Technology 40 years
Research 30 years
Technical Services 30 years.

Warm regards
Ysabel

All-

The Research Section is indeed 30 years old in 2012.

Deidra and I, along with an editorial board for the Hypothesis, will be
coordinating in 2012 an issue devoted to the Research Section's anniversary.
Kris Alpi's suggestion of writing an article to bring the history of our
section up-to-date is an excellent one. We will consider it along with other
articles that highlight our section's work through the years. All of you
will receive an invitation to submit papers on various topics for this
special issue.

Thanks, Kris for your suggestion.

Carole,
Just to follow up on your question - info about the history of the RS is
on the RS website under About (http://research.mlanet.org/about.html) &
in our brochure-- our Section was founded in 1982.

From kris at jeffalpi.net  Sat Oct 22 12:07:19 2011
From: kris at jeffalpi.net (Kristine Alpi)
Date: Sat, 22 Oct 2011 10:07:19 -0700 (PDT)
Subject: [Excomm] Feedback on proposed 2013 planning
Message-ID: <1319303239.8573.YahooMailNeo@web1206.biz.mail.gq1.yahoo.com>

Hi everyone,

Since we need to be finalized on our 2013 session planning by Oct 28, I
wanted to run by you what we have laid out so far and see what
questions/concerns you have that I can try to address in the next few days.?
Please let me know by Tuesday the 25th if you have any concerns as all of
these are group activities so I would have to coordinate with others to make
changes.? Sorry for the length of the message.

Kris

The three ideas from Research Section membership were 1) scholarly
publication practices of libraries, 2) studying user
behavior/usability/cognitive processes, 3) invited speaker on a food safety
topic.

I referred the #3 idea recommended food speaker to the National Program
Committee for broader consideration.?? I had proposed a possible food safety
research session, but there was no interest so we dropped it.??
```

Research Lead Sponsored Sessions

A. The #1 scholarly publication topic has become the following session that
we are leading with co-sponsorship by Medical Library Education and Public
Health/Health Administration Sections.?? This one is a confirmed session.

Librarians
as Researchers: Practicing What We Preach in Scholarly Publications?

It's listed as contributed and invited in case we do not get enough
submissions for contributed and want to invite a speaker or do our own
investigation to fill in the gaps.

Description:
Do librarians follow their own advice about scholarly
publication practices?? Do we publish our
findings in indexed journals or proceedings, provide access to their
publications, and perform citation analysis of their own works?? Topics for
contributed papers in this session
may include the behavior of librarians as authors in their own literature and
as co-authors in systematic reviews, clinical or research studies.? Practices
for consideration include, but are
not limited to: presence of librarian-authored or co-authored works in
institutional repositories, evidence of negotiation of author agreements,
review of licenses and contracts for key library journal and book publishers,
librarian publishing in open access journals, posting of preprints from
librarian author on their own sites or the staff publications section of
their
library websites, critical appraisal and summary of the literature that
perpetuates the discussion of library research, and tracking the impact of
publications through citation alerts and assessment of citations or links to
published work.
*
B. We were asked by the Informationist SIG to lead their proposed session
since they are not able to lead a session and because I felt their topic was
important for the international meeting, I agreed with the caveat that
Research Section would not be providing any funding and that they would need
to contribute a great deal to the reviewing, etc..? Here's the title and
description.

Cultural Differences in Scholarly Practice:? Diversity in Creation,
Dissemination, Use, and
Abuse of Intellectual Output

It's listed as contributed and invited in case we do not get enough
submissions for contributed and the Informationist SIG wants to invite a
speaker or do something to fill in the gaps.

Research, and the resulting creation and use of knowledge,
occurs worldwide and the culture and legality of ownership of information is
very diverse.? This session invites
presentations from many countries and perspectives on understanding the
diversity of attitudes towards reuse of information, exploring plagiarism and

its sequelae, and advising or training students, researchers and
practitioners
to prevent accidental misuse.?? Reviews
of systems designed to identify abuses, emerging roles for those who detect
and
respond to abuses of intellectual property in academia and research,
editorial
work, and technology transfer, and related topics are welcome.?
Research Co-Sponsored Sessions

A. We agreed to continue to co-sponsor the New Voices session with the
Medical Library Education Section.

B. The #2 studying users topic we suggested was originally its own session,
co-sponsored with Educational Media & Technologies Section and the Molecular
Biology & Genomics SIG, but it was similar to other session listed below and
so we were asked to combine.?? Here is that session as listed before we
joined them.?? We are now working on revised wording of the description to
incorporate our topic.

Leading
By Design, Not Default: Focused Direction in Support of the User?
(contributed papers)

Lead, Technical
Services Section; Co-sponsors:? Leadership &
Management Section; Molecular Biology & Genomics SIG; Research Section
Description:? Leading
and managing by design is vital in molding the overall user experience.
Measured and customized approaches to leadership and management can result in
healthier workplaces, improved library operations and, ultimately, enhanced
services and resources to support library users.? This session will focus on
initiatives and
research that have resulted in improved or enhanced user services as a result
of conscientious direction and leadership, new and innovative workflows,
focused staff development, and careful evaluation of processes, services, and
products.? Contributed papers may
include, but are not limited to, discussions of initiatives such as
patron-driven acquisitions, discovery layer experimentation for exposing
library resources, workforce development and support of a non-traditional
workforce, RDA, and usability testing.? Papers may address management
theories and practices that were used to
guide initiatives, research and evaluation methods, implementation processes
and outcomes (both for the
organization and the user), and recommendations for others embarking on
similar
projects.

C.? We offered to co-sponsor two additional topics which may or may not be
confirmed:

Improving LGBT Health Through Enhanced Data Collection ? Lead:?Relevant
Issues Section? Co-Sponsors:?Research
Section; Lesbian, Bisexual & Transgendered Health Sciences Librarians SIG
Data
mining: finding new evidence in novel places? LEAD: Pharmacy & Drug
Information? Co-sponsors SIG COOL; SECT

Research (CONFIRMED); SIG Molecular Biology & Genomics; CAM SIG; Corporate
Information Services Section?????? ?????

Subject: [mla-2013secprogram] NPC 2013 invitation to Sections and SIGS as co-
sponsors for 3 NPC/ICML sessions

Hello planners,

The NPC invites any interested Sections or SIGs to serve as co-sponsors on
three sessions, all designed as contributed paper sessions. Co-sponsors will
help review submitted abstracts and otherwise help plan the sessions, as
needed.

Since these three themes will be placed in the submission site, along with
all of the themes, we need to know by Friday, October 28, 2011. The
information about the three planned themes, along with descriptions, follow.

If interested, please contact Heather Todd (heather.todd at uq.edu.au), and
please cc me.

(1)
Title:?Trustworthy?and Authoritative Publicly Available Information
Lead Sections: NPC'13 & 11th International Congress on Medical Librarianship
Format: Contributed Papers
Co-Sponsors: TBD

Description: Would you trust your health to Wikipedia??The availability of publicly available information (free on the Net) has mushroomed.?Patients and care provides make extensive use of Wikipedia for general disease and treatment information. On what basis and?under what circumstances?can this information be trusted in a health sciences context??This session will explore the intriguing issues and challenges of trustworthy and authoritative publicly available information.

?
?(2)
Title: New Methods of Publishing
Lead Sections: NPC'13 & 11th International Congress on Medical Librarianship
Format: Contributed Papers
Co-Sponsors: TBD
Description: Will the journal article?remain the?currency of the realm for the advancement and structured memory of science and medicine? This session will explore various aspects of publishing, preservation, and archiving?in a world where?Google-like products abound.? Will all future textbooks need to be mobile-enabled and "Kindle- or iPad-ready"? Is there a place for highly structured information such?as Medline and other specialized databases and finding tools? How will the mediated services of highly trained and experienced librarians be best utilized in?the future?

?
?(3)
Title:?Global Data Sharing to Advance Science & Environmental Aspects of Global Health
Lead Sections: NPC'13 & 11th International Congress on Medical Librarianship
Format: Contributed?Papers
Co-Sponsors: TBD
Description: This session combines two areas which?are of emerging importance to libraries -- global data sharing to advance science and environmental aspects of global health. The data sharing guidelines of the National Science Foundation and the National Institutes of Health in the U.S. offer potential opportunities to libraries in the management and curation of research data. What role are libraries playing in the management and curation of?research data? Are institutional repositories as they are currently structured sufficiently robust and flexible for data management and curation? The environmental aspects of global health include issues of biodiversity and disasters. What roles do libraries play in this global area of interdependent and data intensive information?

November 2011

From slessick at uci.edu Wed Nov 2 15:19:14 2011
From: slessick at uci.edu (Susan Lessick)
Date: Wed, 02 Nov 2011 13:19:14 -0700
Subject: [Excomm] Research Section Vision Statement and Strategic Plan:
 Please reply by Nov 12
Message-ID: <4EB1A5C2.9070607@uci.edu>

Hi Research Exec Cmte,

The Research Section Strategic Planning Committee recently completed its
work on the research section's new vision statement and strategic plan.
Please see the attached plan for your approval.

As many of you know the plan was developed after an extensive
consultation process that involved a Spring 2011 online survey of
Research Section and MLA members (Survey on Research Activities of
Librarians), a discussion of the draft at the 2011 section business
meeting, and obtaining feedback from the membership via email, our
Facebook page, and posting the draft plan on the section website. The
committee received many positive and thoughtful comments from section
members about the draft plan at the business meeting and over the summer.

Please note that the draft that was presented at the business meeting
this past summer was modified per the comments we received (thanks to
all of you who provided comments).

Carole and I believe that the plan will be a valuable source of
inspiration and position our section as a thriving, dynamic, and
successful research community within MLA and beyond for years to come.
Following the adoption of the plan, the plan will be widely publicized
and promoted, and posted on the Research Section website.

We would like to thank the Strategic Planning Committee for their hard
work on this ground-breaking document and their commitment to improving
our section and the MLA research environment. Committee members are:
Kris Alpi, Brooke Billman, Gary Byrd, Diane Cooper, Carole Gilbert,
Sandy De Groote, Cheryl Dee, Roz Dudden, Carol Perryman, Kay Wellik, and
Susan Lessick (Chair).

*Please reply to this email and indicate your approval (or disapproval)
of the attached final draft document by November 12.* Also, please let
us know if you have any questions about the development process for the
plan or plan itself.

Thanks for your assistance and support,

-- Carole and Susan (for the Research Section Strategic Planning Committee)

Hi-

The Research Section's 30th anniversary is in 2012. We have been asked to
provide milestones/facts that MLA can use for the development of a
proclamation that will be given to our section at the MLA Business Meeting
next year. If anyone knows of the Research Section's significant milestones
through the years please let me know.   I will collect them and write a draft
for the executive committee to review before sending the final version on to
MLA.

Thanks,
Diane

Subject: Research Section Anniversary

Hi Diane,

My records show that the Research section will celebrate it's 30th
anniversary
in 2012. Historically, MLA develops a proclamation to be presented at the
business meeting
honoring the section. Might you, or someone in your section, provide me with
some milestones/
facts which could be incorporated into the proclamation? Given the rush at
the time of the
conference, information received early would assist headquarters staff in
developing the
document in advance.

Thanks for your assistance

Hi Diane

Can I suggest that you open this to all the members, not just the executive
committee, as some of the newer members might be willing to mine past issues
of Hypothesis and Wayback Machine versions of the RS website to contribute to
this effort if explicitly invited.

Kris

Hi-
?
The Research Section?s 30th anniversary is in 2012.? We have been asked to
provide milestones/facts that MLA can use for the development of a

?proclamation that will be given to our section at the MLA Business Meeting
next year.? If anyone knows of the Research Section?s significant milestones
through the years please let me know.? ?I will collect them and write a draft
for the ?executive committee to review before sending the final version on to
MLA.
?
Thanks,
Diane
?

Hi Diane,

My records show that the Research section will celebrate it's 30th
anniversary
in 2012. ?Historically, MLA develops a proclamation to be presented at the
business meeting
honoring the section. ?Might you, or someone in your section, provide me with
some milestones/
facts which could be incorporated into the proclamation? ?Given the rush at
the time of the
conference, information received early would assist headquarters staff in
developing the
document in advance.

Thanks for your assistance

Hi Research Exec Committee

How much did Research section contribute to the section shuffle in 2008 and
2010??? Any great ideas for a theme for the table?? Anyone want to volunteer
to coordinate it??? I'm kind of tied up with coordinating the paper sessions,
but would be happy to help staff the table if it is not a conflict with other
stuff I have to attend.

Kris

Subject: [mla-section] Support Needed for 2012 Section Shuffle

Hello MLA Sections,
Similar to the MLA Annual meetings
of 2008 and 2010, the Section Council is planning to hold a Section Shuffle
for MLA 2012.? The previous events have been a great success and a
fun way for MLA members to learn more about participating in our sections.?
If you haven't seen it, here is a short video highlighting the 2010 event.
http://www.youtube.com/watch?v=wX7GB4_5h3E?While
exact attendance numbers aren't available, we would estimate that around
400 people were in attendance.

The plans for the 2012 Section Shuffe
include beverages, refreshments and a competition for the most innovative
and fun Section Table theme/decoration.? The Section Shuffle will
also include forms for people to use to sign up for 6 month trials to
Sections
they are new to or haven't been a member of for 5 years. In 2010, 350 people
signed up to join sections during the section shuffle as compared to only
79 that signed up for a trial membership at the Section Council Booth last
year.?

Unfortunately, MLA is unable to
assist the Section Council in funding this event. In addition, requests
for seeking vendor funding have been denied. This means that it's more
important than ever that we receive funding from all sections to ensure
that this event is a success. Only sections that submit a pledge form will
be eligible to participate in this event.

Attached is a pledge form for your
section to contribute to this event. We need to hear back from everyone
by mid-March, 2012. Your contributions will ensure that next year's event
is an even bigger success than the last one. Using the menu prices from
2011, the Section Shuffle Taskforce estimates that we would be able to
provide 350 people with: 8oz of coffee or lemonade, one hors d'oeuvre,
and one pastry for around $4500. We used this data to come up with our
recommended pledges on the attached form.
Also, start brainstorming with ideas
for your Section Table theme.?You might consider using the conference's
theme of "Growing Opportunities: Changing Our Game," you might
also think of creative ways to highlight what your section represents in
terms of interests.?Or, just do something completely different (Twilight
theme? Mad Men? Fish Market? The sky's the limit!)?The winning section
will be recognized during a general business meeting, get press in MLA
News on MLA Social Media sites, receive a trophy icon for their website
and live on in glory in conference goers memories from that day forward.?

Attached is the Section Pledge form
mentioned earlier. If you have any questions or comments, don't hesitate
to contact Amy Blevins at blevinsamy at gmail.com.?

We look forward to working with

all of the sections to make this event a roaring success.

Thank you,

Section Shuffle Taskforce

Hi all

As the 2012 program planner, I am emailing to ask you all to vote on a
proposed motion for the Research Section to contribute $150 to the section
shuffle for 2012.?? (same as our 2010 contribution).?? See our current
balance below from Brooke.?? Please reply back yes, no, or with a revised
amount by Monday.??? Thank you!!

?
Hi Brooke,
?
Can you look at your treasurer files and let me know how much money we have
available now and how much we donated to the section shuffle in 2010 so that
I can propose to the board an amount to donate?
?
Thank you!!
Kris

Shuffle
Hi Kris
I hope you will get some responses to your email. ?Unfortunately I can?t
answer your questions but I think we should probably participate. ?I was

unable to go last year, but know that we got several people who signed up for the free memberships. ?It will be
 interesting to see if they join next year. ?I sent welcome letters to all of them but have not heard back from anyone! ?So no volunteers that I know of.

Carole
