I have a paper to submit to the Hypothesis that was submitted last year, but
in the transition to new editorial leadership I have a hunch fell into the
same vacuum. I left my position at NIH a week or so after MLA, and was not
on the Executive Committee listserv for some time, so bear some of this
responsibility for not responding, since Diane's notice probably came while I
was transitioning. I would be happy to resubmit this paper to new
leadership.

Deidra and Kathleen, are you each interested in continuing on the editorial
board? It sounds like you would have some content to work with for the
forthcoming issue. If you are, please let Merle know.

Hi Executive Board,

Like Kathleen, I had not heard that Diane resigned. I had not heard anything
from her and was not sure how to proceed. If Kathleen is willing to work with
me, I will be happy to continue as an editor for the Hypothesis.

Considering the lack of time prior to the MLA meeting, I think we will have
to do a special issue to announce the research award winners from the 2014
meeting. This special issue will only list the winners and not have any other
articles. Then, we can resume with complete issues after the MLA meeting.

I would like to present to the board the idea to reduce the number of issues
per year from 3 to 2 (Fall and Spring issues instead of Summer, Fall and
Spring issues). Considering that the Hypothesis is meant to be a professional
journal rather than a newsletter, it takes a great deal of time to solicit
quality articles, edit them, and insert them into the overall layout.
Furthermore, we have not gotten many research oriented articles, so I would
rather have 2 substantial issues per year as opposed to 3 mediocre issues per
year.

What do you think?

Thanks so much,

winners)

Hi Kris, Aileen, Terrie, and all,

As far as I know, the last issue of Hypothesis published was the Summer 2014
issue prior to the MLA meeting, as Diane mentioned. I didn't realize Diane
had resigned, and I don't recall hearing any further discussion about new
issues since MLA last year. The Summer 2014 issue was my first issue, and I
mostly did the layout and copyediting. I'm happy to continue doing this part
for Hypothesis going forward.

Thanks,
Kathleen

Subject: RE: Hypothesis Fall 2014 issue (research section award winners)

Hi Aileen,

I am doing okay and hope you are too. A lot of people have green on today at
NIH.

I resigned as editor of the Hypothesis in May 2014 when I became editor for
the Journal of the Medical Library Association at MLA in Chicago. My
resignation email went to the Research Section Executive Committee and I
never heard anything from them regarding my resignation. I assume they found
someone, but I do not know who. Again, nobody made any contact with me.

My last issue as editor for the Hypothesis was the Summer issue that went out
right before MLA 2014 meeting and it identified what the Research section
would be doing at MLA that year. It is the Fall issue that identifies the
Research Section Best Paper/Poster/Presentation.

Not sure if I can help more, but if you have any additional questions just
let me know.

Regards,
Diane

Subject: Hypothesis Fall 2014 issue (research section award winners)

Hi Diane,

I hope this message finds you well. I am working with Kris Alpi to locate
where information about the MLA Research Section Best
Paper/Poster/Presentation Award winners was published. I believe that there
was supposed to be a write up in the Fall 2014 issue of Hypothesis, but I
wasn't able to find it online. Are you still the editor of Hypothesis? Do
you know if the Fall 2014 issue was published? If there is someone else I
should contact, please let me know.

Thanks for your help! Happy Saint Patrick's Day!

Subject: RE: [Excomm] Hypothesis Fall 2014 issue (research section award winners)

Hi Executive Board,

Like Kathleen, I had not heard that Diane resigned. I had not heard anything from her and was not sure how to proceed. If Kathleen is willing to work with me, I will be happy to continue as an editor for the Hypothesis.

Considering the lack of time prior to the MLA meeting, I think we will have to do a special issue to announce the research award winners from the 2014 meeting. This special issue will only list the winners and not have any other articles. Then, we can resume with complete issues after the MLA meeting.

I would like to present to the board the idea to reduce the number of issues per year from 3 to 2 (Fall and Spring issues instead of Summer, Fall and Spring issues). Considering that the Hypothesis is meant to be a professional journal rather than a newsletter, it takes a great deal of time to solicit quality articles, edit them, and insert them into the overall layout. Furthermore, we have not gotten many research oriented articles, so I would rather have 2 substantial issues per year as opposed to 3 mediocre issues per year.

What do you think?

Thanks so much,

Hi Kris, Aileen, Terrie, and all,

As far as I know, the last issue of Hypothesis published was the Summer 2014
issue prior to the MLA meeting, as Diane mentioned. I didn?t realize Diane
had resigned, and I don?t recall hearing any further discussion about new
issues since MLA last year. The Summer 2014 issue was my first issue, and I
mostly did the layout and copyediting. I?m happy to continue doing this part
for Hypothesis going forward.

Thanks,
Kathleen

Hi Aileen

Given that the website still has Diane as the editor. I don't think this has
been resolved.
http://research.mlanet.org/wp/hypothesis-editorial-board/
I am copying this to Executive Committee list and the current managing and
contributing editors to see if we can figure out what is happening and get
the 2014 winners out in an issue before MLA.

Thanks
Kris

Not really sure if this is the best time/ place to share the article,
but this is what I submitted last year to Hypothesis to announce the
award winners. It includes the research award winners from the 2014
meeting and it also includes the best JMLA article. Last year was the
first year there was an award for that, and that award will be presented
every two years.
Thanks for your help in moving this forward in Hypothesis.
Sandy

Subject: [Excomm] Research Section Awards Promotion

Dear RS Awards Committee and Executive Committee,

In the efforts to clarify where we are with promoting the winners of the 2014 awards and try to be useful to the awards committee, I wanted to share this summary of venues and audiences and next steps to inform our decision about how to handle the award promotion going forward.? I hope this is helpful and please share your thoughts -- I just want to help get a plan in place since I had failed to deliver on an RS procedure manual when I was past-chair, so thanks for your patience as I try to redeem myself. :)??

Venues - Audiences - Timing
RS Website -- RS members and public -- right after letters go out? (the site was updated - http://research.mlanet.org/wp/research-awards-2014/ - I have made some recommendations to Brooke about dividing up the MLA meeting awards from the JMLA Best Paper Award)
MLA Focus - MLA members - usually right after letters go out, but did not get submitted this year -- Elizabeth Lund is willing to put in the April 9 focus if we get her the content by April 6.? We can tie it to excitement about the judging for the 2015 awards.?
MLA Awards Luncheon Program/Section Awards --? MLA members who attend the luncheon -- The RS winners will not be in the program this year since Maria Lopez of MLA said that no one from the section responded to her request for section awards info which typically goes to the chair of the section.? In the future, we should send them to MLA when we have them ready and remind them of this when they ask for items for the program.
Hypothesis - MLA members and public (open access, indexed) - usually in the Fall issue.? Working on getting this resolved for 2014 to go into Spring 2015 issue, and then new winners would be in the fall 2015 issue.
New possibility -- JMLA for the JMLA Best Research Paper Award -- every two years - audience JMLA readers, many of whom are not MLA members (open access, indexed) - working with JMLA editor on the possibility of getting the 2014 winner into the July 2015 issue and then getting on a schedule going forward.????
Aileen and I are working on updating the announcements for the JMLA Best Research Paper since Sandy was one of the winners.? The text for the regular MLA awards writeups has already been prepared and just needs to be reformatted for the various venues.

Sandy -- do you want a call for more judges or engagement to go in the MLA Focus on April 9 along with the winner announcement?? Just let me and Aileen know.? Thanks!
Kris

All,
I have some questions / comments.

MLA Focus - I did in fact send an email to MLA Focus and just checked my
sent mail to confirm this.   I don't know why it was not published, but
the content is attached.

MLA awards luncheon Program.   Who did the email go to?   I don't recall
getting an email from Maria requesting this information.   I recall last
year getting an email prior to MLA 2014, but the turn around time was
too short and thus no one was able to respond in time. I don't recall
seeing such a request this year and checked my inbox and don't see anything.

Thanks very much, Kris and Sandy. Because of the amount of information, I
might explore either sending this out as a dedicated/special FOCUS or putting
the list of names on MLANET and then including just the introductory
paragraph in FOCUS itself. Would one of these options work for the section?

 Subject: Re: Fw: Fwd: MLA-FOCUS_item

Hi, Kris,
I've looked through my emails and I can't find any record of this.
Unfortunately, my best guess is that I must have inadvertently deleted it. I
usually keep all emails for FOCUS, and I'm usually on top of my spam folder,
too, so it's unlikely to have gotten lost in there. My sincere apologies for
having missed this email and missed putting it in FOCUS.
You might add to the procedure that the submitter should look for a response
from MLA that the submission was received (I always respond to member
submissions so they know it came through), and/or monitor the next few issues
of FOCUS to make sure it is published.?

If I get the new wording you would like to use by the end of the day on April 7, I can include the awards announcements in the April 9 FOCUS. If you'd like to promote these awards in any other way, please let me know and we can talk about that as well.
Again, my apologies for having missed this the first time around.
Best,
Elizabeth

On Mon, Mar 23, 2015 at 12:04 PM, Kristine Alpi <kris at jeffalpi.net> wrote:

Hi Elizabeth,

I was working with Sandy to figure out the new message for MLA Focus and she forwarded me this message to show that she had sent them to you last summer.? I looked again in the July issues of FOCUS and didn't see anything.?? Do you recall receiving this, or why you wouldn't have published them in FOCUS?? We are trying to work out a procedure manual for this for the future, so that we don't miss things, but we also want to be clear about what we are putting in.?? If they haven't yet been in and it's this close to the new meeting, then we need to add some preliminary wording rather than using the previously sent announcement.
Thanks!

Hi everyone,?
Gisela, Tara and I have updated the Research Section poster for reprinting
for MLA. ?We would appreciate your feedback on the attached Power Point no
later than Monday, April 20 so that we can make any adjustments and submit
the poster for upload to MLA by the 4/27 due date. ? The committee had
already approved last year the expenditure to print this copy for MLA and to

send around for the chapter meetings. ? Heather - do you want me to pay and
reimburse me, or do you want to pay directly? ?

Hi everyone,

Gisela, Tara and I have updated the Research Section poster for reprinting
for MLA. We would appreciate your feedback on the attached Power Point no
later than Monday, April 20 so that we can make any adjustments and submit
the poster for upload to MLA by the 4/27 due date.   The committee had
already approved last year the expenditure to print this copy for MLA and to
send around for the chapter meetings.   Heather - do you want me to pay and
reimburse me, or do you want to pay directly?

Kris

Hi all
Tara, Gisela, and I really like the new changes that Brooke put forward in
her attached tweaking of the poster design. ?Because the color scheme is
different, I wanted to send it back to you one more time to make sure that
it's okay before we upload it to the MLA poster system. ?Please reply back by
Wednesday if you have any concerns. ?Otherwise I will assume that it is okay
with all of you and upload it on Thursday.
Kris?

May 2015

Dear Research Section Executive Board,

Unfortunately, I was not able to complete the Hypothesis before MLA, so I
will complete it immediately after MLA.

Also, I am not able to attend the Research Section meeting, because I will be
taking minutes for the TSS business meeting. However, I have attached my
report to be read at the RS meeting.

Thanks so much,

Deidra Woodson

Message-ID: <D17D3893.FB7C%tew2004@med.cornell.edu>

Hi Deidra,

I have read your report, and think that you have put a lot of thought and
effort into it. I am delighted that the next issue of the Hypothesis is just
around the corner.

Could we reword your last motion?

Current version:
MOTION to consider establishing a task force to develop the Hypothesis as an
open access journal.

Suggested change:
MOTION to establish a task force to explore how the Hypothesis can become an
open access journal.

Reason for requested change: The second motion uses active language
regarding the establishment of a task force. The first one makes it just a
?consideration".

I welcome your feedback before our meeting on Tuesday.

All best,

Terrie Wheeler

Yes, I approve the revision. The reason I worded it as a "consideration" is because I was not sure that the section would want to take on that task this year. I thought that the board might want to explore the option of transitioning into a mentoring journal before seeking open access options. However, feel free to reword the motion, as needed.

Hypothesis is an open access journal according to its distribution and name.
You don't need a motion to further develop hypothesis.   :-)

Kris

Perhaps, I needed to be more specific. I would like to move the format from a
PDF that is freely available on our website to a searchable format on an open
source server, such as the AMSJR, created by our medical students, at
http://amsrj.org

Hi everyone!

I hope everyone has recovered from MLA! It was great to see you all there!

I'd like to schedule times for as many of us as possible to check-in and
discuss anything we have been working on and plan for future endeavors every
few months this year. So I'm sending out a Doodle poll to see if we can find
a time before mid-July to meet by phone. I would like to discuss our goals

and some of the projects our Section is planning to work on such as the new
website and working with the MLA Research Agenda Task Force.

My schedule is rather busy, but I've found some times in which I'm available
in the next few weeks and hopefully there is one time when most of you can
make it. I hope I've included everyone that should need to contribute to our
discussions. If you notice that I missed anyone, please let me know.

http://doodle.com/e6779i5ph3xtz6p6

Thanks!
Emily

I'd like to schedule times for as many of us as possible to check-in and
discuss anything we have been working on and plan for future endeavors every
few months this year. So I'm sending out a Doodle poll to see if we can find
a time before mid-July to meet by phone. I would like to discuss our goals
and some of the projects our Section is planning to work on such as the new
website and working with the MLA Research Agenda Task Force.

My schedule is rather busy, but I've found some times in which I'm available
in the next few weeks and hopefully there is one time when most of you can
make it. I hope I've included everyone that should need to contribute to our
discussions. If you notice that I missed anyone, please let me know.

From: sgroote at uic.edu (Sandy De Groote)
Date: Sun, 21 Jun 2015 12:50:55 -0500
Subject: [Excomm] MLA research awards
Message-ID: <5586F97F.7050905@uic.edu>

Dear Research Exec Committee.
Attached is the list of paper and poster award winners for this years
MLA research awards. We have not notified the winners yet, but will do
so soon. I just wanted to confirm a few details first - one being that
I need a list of current Research section members so that I can compare
the first authors of all winning papers and posters to the list to
determine if any winners are not a member of the research committee. I
want to be able to put in their award letter that they get a free year
research section membership if they are not currently a member.

Heather,
Are you still the treasurer of the research section or is there someone
else that has now taken over? Assuming you are, I will copy you on the
emails that go out to first authors of all the winner posters and papers
and indicate they should contact you to indicate their mailing address
in order to get their gift card. (1st place - $100, 2nd -place $50.00,
honorable mention - $25).   If you know longer the treasurer, can you
let me know who took over.

thanks,
Sandy

Hi Sandy,

Thank you for sending this out!

Our new Secretary/Treasurer is Martha Earl, who I have copied here in case
she isn't on the execcomm list.

I believe Beatriz Varman can help with checking membership of awardees and
I've copied her as well.

Thanks,
Emily

July 2015

Hello again!

Our meeting is 1 week away, next Wednesday the 8th from 1-2 PM EST. I hope
everyone can still make it. Below are the details for calling in, hopefully
we don't run into any technical issues!

I'm planning to put together an 'agenda' of sorts over the weekend which I'll
send out by Tuesday morning for everyone. My plan is to check in on what has
happened since MLA and what has been forgotten or is waiting for action.

If you won't be able to attend, please let me know and send me any updates,
needs, or questions you have.

Conference call info:
Dial-in Number: (712) 775-7031
Access Code: 307-829

Have a wonderful 4th of July!

Emily,   After you sent the date out, we scheduled an all day interview for
one of our Associate Director candidates. However I have done my best to
protect this time. I may need to join slightly late or leave early,
depending on events here that day, but I am doing my best to make myself
available.

Thank you so much for organizing this, Emily! I am looking forward ...

Terrie

Hello everyone,

Don't forget we are meeting tomorrow from 1-2 PM EST! Below is the conference call details. Hopefully we won't have any technical trouble, but if we do I'll send out an email as quickly as possible to notify everyone.

As promised I have attached an agenda for the meeting tomorrow. Basically it is a list of items we have discussed working on. What we will be able to talk about will largely depend on who is able to attend. If you won't be able to make it, but have an update on any of the items on the agenda or concern you would like to voice, please send it to me by email.

Also attached is a draft of the Business Meeting Minutes. If everyone who attended the Meeting at MLA could please take a look at them and let me or Martha know if changes should be made, that would be really helpful!

Conference call info:

Subject: Meeting of the RS leaders July 8th 1-2pm EST

Hello everyone,

Don?t forget we are meeting tomorrow from 1-2 PM EST! Below is the
conference call details. Hopefully we won?t have any technical trouble, but
if we do I?ll send out an email as quickly as possible to notify everyone.

As promised I have attached an agenda for the meeting tomorrow. Basically it
is a list of items we have discussed working on. What we will be able to
talk about will largely depend on who is able to attend. If you won?t be
able to make it, but have an update on any of the items on the agenda or
concern you would like to voice, please send it to me by email.

Also attached is a draft of the Business Meeting Minutes. If everyone who
attended the Meeting at MLA could please take a look at them and let me or
Martha know if changes should be made, that would be really helpful!

Conference call info:
Dial-in Number: (712) 775-7031
Access Code: 307-829

Looking forward to talking with many of you tomorrow!
Emily

Hello again!

Our meeting is 1 week away, next Wednesday the 8th from 1-2 PM EST. I hope
everyone can still make it. Below are the details for calling in, hopefully
we don?t run into any technical issues!

I?m planning to put together an ?agenda? of sorts over the weekend which I?ll
send out by Tuesday morning for everyone. My plan is to check in on what has
happened since MLA and what has been forgotten or is waiting for action.

If you won?t be able to attend, please let me know and send me any updates,
needs, or questions you have.

Conference call info:
Dial-in Number: (712) 775-7031
Access Code: 307-829

Have a wonderful 4th of July!

Hi everyone,

It looks like the best time for everyone (that filled out the poll at least)
is July 8th from 1:00 PM ? 2:00 PM EST. So please mark your calendars. I?ll
send out more information about the meeting and how to connect closer to the
date.

Thanks!
Emily

Subject: Meeting of the RS leaders

Hi everyone!

I hope everyone has recovered from MLA! It was great to see you all there!

I?d like to schedule times for as many of us as possible to check-in and
discuss anything we have been working on and plan for future endeavors every
few months this year. So I?m sending out a Doodle poll to see if we can find
a time before mid-July to meet by phone. I would like to discuss our goals
and some of the projects our Section is planning to work on such as the new
website and working with the MLA Research Agenda Task Force.

My schedule is rather busy, but I?ve found some times in which I?m available
in the next few weeks and hopefully there is one time when most of you can
make it. I hope I?ve included everyone that should need to contribute to our
discussions. If you notice that I missed anyone, please let me know.

http://doodle.com/e6779i5ph3xtz6p6

Thanks!

Thanks everyone for attending! I really appreciate the time everyone has
dedicated to the Section. I think we have a lot of exciting things to work
on this year and am looking forward to working with all of you.

If you think of something we didn't have time to talk about or an idea about
something we did talk about, please feel free to email me or the group.

I'll be in touch soon!

Importance: High

Hi everyone,

It looks like the best time for everyone (that filled out the poll at least)
is July 8th from 1:00 PM - 2:00 PM EST. So please mark your calendars. I'll
send out more information about the meeting and how to connect closer to the
date.

Thanks!
Emily

Subject: Meeting of the RS leaders

Hi everyone!

I hope everyone has recovered from MLA! It was great to see you all there!

I'd like to schedule times for as many of us as possible to check-in and
discuss anything we have been working on and plan for future endeavors every
few months this year. So I'm sending out a Doodle poll to see if we can find
a time before mid-July to meet by phone. I would like to discuss our goals
and some of the projects our Section is planning to work on such as the new
website and working with the MLA Research Agenda Task Force.

My schedule is rather busy, but I've found some times in which I'm available
in the next few weeks and hopefully there is one time when most of you can
make it. I hope I've included everyone that should need to contribute to our
discussions. If you notice that I missed anyone, please let me know.

Hello!

To everyone that attended yesterday's meeting, thank you! A few of you may
not have been aware of the meeting because our executive committee email list
needed to be updated. Sorry for that, but hopefully you won't miss anything
going forward. If you are getting this but don't think you should, please
email me individually so we can work it out. Also, I set up the read receipt
on this email so I can double-check that everyone is on. So if you don't see
that pop up, please just email me to let me know that you did get it.

Attached are my notes from our meeting. Please review them and let me know
if I got anything wrong. Also, please note anywhere that your name is listed
next to an Action item. My goal is to periodically check-in (by email or
phone) with everyone to see what the status is on those items in particular,
so if something is incorrect, let me know. Hopefully having a list will help
us all keep track of our activities throughout the year. I'd love to do this
in an online space and am hoping Socious will have some features that will
allow for this, but in the meantime I may post this on a Google Doc and share
it with everyone. Does anyone have other suggestions?

Thanks for all of your contributions!
Emily

ok.com>

Hello!

I'm attaching the draft of the Research Section's goals. Please review them
and edit or send me changes you would suggest. I'm sure I'm missing
something and there are probably many things that could be re-worded. I'm on
vacation this week so I'm not going to have time to really work on this until
next week. If everyone on the executive committee can give feedback by the
end of the day Monday 27th, I'll make all the changes and then will send it
out to the full membership for feedback on the 28th.

Thanks!
Emily

Message-ID:
<7096778FA8E9774CA1B69163D8AFCAF5B6B70674@MAILBOX3.medadmin.arizona.edu>

Hello all,

As part of the website migration to Socious, sections can opt to have their
logos redesigned free of charge.

Our current logo is attached.  You'll notice that he MLA logo is to the left
of the RS logo which was added in order to fulfill the requirement of having
the MLA logo on section sites.

Per MLA, the logo redesign process is:

1. An initial call between the MLA designer and section stakeholders to talk
about the current logo and what preferences there are for the redesign
(colors, specific imagery, etc.)
2. The designer will provide 2-3 initial drafts.
3. MLA will work with the section on tweaking the drafts into a final logo
(all design work to be done by MLA).
4. MLA will provide the section with several electronic files of the logo
optimized for use on the web, in print, etc., based on the needs the section
has.

Is this something that the section is interested in or are we happy with the
current logo?

Thanks,
Brooke

Hi Brooke,

Has anyone responded to this yet?

I'm not sure what all went into the creation of the current logo, does anyone
know?

I have no strong feelings of like or dislike for our current logo. Since it
is free to us, it seems like a good idea to try the redesign. I would be
happy to be a part of this. Anyone else, maybe with more knowledge of the
previous logo version, interested in working on this?

Thanks,
Emily

Hi Emily,

Just one person responded saying they are okay with the current logo but are open to exploring a new one.

Unfortunately I don't know the history of the current logo's creation.

Hi all,
I was part of design team which introduced the RS research logo several
years ago - it was developed by a graphics designer at UCI where I
worked - this person also developed our cool RS brochure.

One of the reasons I like the current logo is that it uses a pyramid
which we requested because it symbolizes research (levels of evidence
pyramid). And research oriented papers/posters at the MLA annual
meetings now use this research symbol (pyramid) in all MLA program
materials to connote research. So, I'm for keeping the pyramid.

Dear Research Section Executive Committee,

Starting in mid-September, this email list will have a new address: Research-leaders at lists.mlanet.org

This email address will be associated with a new members-only web forum on the section website, where you can interact online, view conversations as threads, and search conversation topics. You can also continue to use the list as a standard email list.

Around September 16, everyone will be unsubscribed from this list, and the email address will be deactivated. When the switch is made, MLA headquarters will send out a notification reminding us that this email address has become defunct. Please watch your address books and autofill settings to make sure you're not posting to the old list.

Section members will then be resubscribed to the new list. If your section membership is not current, please be sure to renew your membership now so you can continue to participate in this forum.

All members will be signed up for daily digest delivery as a starting default. You will then be able to adjust your delivery settings for:
- immediate delivery
- daily digest
- no mail (access posts only through the website)
- vacation mode (allows you to unsubscribe temporarily and then resubscribe with a click of a button)

If you are using a personal or secondary email address to receive section emails, please note that you will initially be switched to the main email address associated with your MLA membership. After the switch is completed, you will be able to log in and adjust this preference as well.

Thanks for your patience during this transition! Please let me know if you have any questions.

Hello everyone!

It looks like the best time for everyone that responded to the Doodle Poll is
Friday October 30th from 2-3pm EST. Please mark your calendars! I'll send
out a reminder and call-in details closer to then. In the meantime, I've
attached my notes from our last meeting which includes the action items we
discussed, as a reminder.

Thanks everyone!
Emily

Hi Everyone,

It doesn't look like everyone has filled out the Doodle Poll. If you can
please do so in the next day or so I'll pick a date and send it out.

http://doodle.com/amv4e2v6zpyiiprf

Thanks,
Emily

Hello MLA RS Executive Committee Members!

I've created a Doodle poll to hopefully find a time in late October/early
November for us to gather over the phone to check-in again. Please follow
the link below and fill it out when you have a moment and I'll look for a
time when most or maybe even all of us can attend.

http://doodle.com/amv4e2v6zpyiiprf

As always, let me know if you have any questions or suggestions!

Thanks everyone!
Emily

Dear section leaders,

As part of the MLA website transition, this list is moving to MLA's new
community platform. All committee members who are current MLA members have
been added to the new list, *research-leaders at lists.mlanet.org
<research-leaders at lists.mlanet.org>*

Within the next 24-48 hours, excomm at research.mlanet.org will be turned
off.
Past conversations will be archived and accessible to your community
members.

By the end of the day on Friday, you should receive your first email from
the new list. If you do not receive an email from the new list by
Friday, *please
check that your MLA membership is current*, and then contact MLA
headquarters for troubleshooting.

The new email list is associated with a new online community for your
group, where you can interact online, view conversations as threads, and
search conversation topics. The new community is located at:
www.mlanet.org/p/co/ly/gid=170 .

You can also continue to use the list as a standard email list. Please
watch your address books and autofill settings to make sure you're not
posting to the old list. Any emails sent to the old list will be bounced
back.

All committee members have been signed up for immediate message delivery as
a default. After the new site is live, you will be able to adjust your
delivery preferences. We recommend keeping your delivery preferences as
immediate so you do not miss out on time-sensitive committee discussions.

Thank you for your patience during this transition, and we hope that the new community is of significant value to your group!

Sincerely,

Kate Corcoran

MLA Headquarters
