Welcome

FROM THE PRESIDENT OF MLA

Carol G. Jenkins, AHIP

I am pleased to welcome you to MLA '02 in "Big D," the Medical Library Association's 2002 meeting in Dallas! The 2002 National Program Committee has Delivered an exhilarating program that captures the "Big D" flavor of Digital Developments, Diverse innovations, and Delightful Diversions (otherwise known as fun times). Our speakers will stimulate your thinking, while continuing-education courses and a symposium will help you Develop new skills and capabilities. Vendors and poster presenters will Demonstrate new products and solutions. Discussions will abound that keep good ideas afloat, mixing formal presentations with informal networking and adding to the excitement of learning from the experts around us.

"Big D" has much to offer of its own—wonderful food, nightlife, art, music, and shopping. I hope Dallas's eclectic personality draws you in, and maybe you will leave with a bit of a Drawl as well!

Dallas has a special personal appeal to me as well. Not only was I born here, but I worked in my first medical library here. I think I probably had my first enchilada Dinner here too! I am so glad you are joining me here to enjoy the wonderful hospitality of one of our best American cities and to open your mind to the Delights of a program that promises something for everyone.

— Carol G. Jenkins, AHIP, president, MLA

FROM THE NATIONAL PROGRAM COMMITTEE

Welcome to Dallas! The National Program Committee (NPC) welcomes you to Dallas and to MLA '02, the 102nd annual meeting of the Medical Library Association. This welcome typically thanks the many individuals and groups who contribute to MLA's annual meeting planning and delivery. We start by thanking you: the members and meeting attendees. You chose to use your time and resources (both institutional and personal) to come to Dallas, and we will all enjoy a better meeting because you are here.

From its first meeting, the 2002 NPC has been fascinated by the contrasts presented by our host city: the frontier past and the high-tech, high-finance present; the down home and the upscale shopping, restaurants, culture, you name it!; and the friendly and sophisticated Dallasites, with whom we have worked these past several years. We hope you will explore, experience, and enjoy these contrasts during your stay in Dallas.

The plenary speakers were selected for their abilities to inspire and illuminate: one in the realm of identifying the true priorities in busy professionals' lives and the other in facing and defining our future with those of other generations.

The 2002 NPC helps bring the MLA annual meeting to fruition with the advice, consultation, support (fiscal, moral, and otherwise), and active participation of many. Without them our annual meeting would not be the enriching and rejuvenating event we all have come to enjoy. All of us are grateful to the 2002 Local Assistance Committee, sections and chapters and their councils, Awards Committee, Continuing Education Committee, MLA Board of Directors, headquarters staff, meeting planners, and vendors and sponsors. Enjoy all they have arranged for you and enjoy your time together in Dallas!

In the warm spirit of "Big D," dance the night away at the Denim and Diamonds Ball, decked out in your best denim and country diamonds! Eddie Deen, purveyor to the president and world leaders (he served 35,000 people on inaugural night) and barbecue chef extraordinaire, promises a wonderful evening filled with great food, good music, and other diversions to conclude MLA '02. Watch for Reggie Mae, who invited members to MLA '02 during MLA 2001, to make an appearance!

Featured Speakers

All plenary sessions will be held in Lone Star Ballroom B and C.

PLENARY SESSION 1

THE JOHN P. MCGOVERN LECTURE

"SURVIVING EVEREST: AGAINST ALL ODDS"

Sunday, May 19, 10:30 A.M.-NOON

Sponsored in part by Swets Blackwell.

Dallas native Seaborn Beck Weathers, M.D., a forty-nine-year-old pathologist and amateur climber, will tell his incredible story of survival that has all the elements of a great adventure: heroism, bravery, human struggle against the forces of nature, great physical and psychological challenges, and triumph of the human spirit. He published his personal account of his experiences on Mt. Everest in *Left for Dead: My Journey Home from Everest*. He will speak about his experiences and the invaluable lessons he learned. This is a rare opportunity to hear from one who has faced death—and lived to tell about it.

PLENARY SESSION 2

THE JANET DOE LECTURE

"A JOB WITH A VIEW: PERSPECTIVES FROM THE CORPORATE SIDE OF HEALTH CARE"

Monday, May 20, 9:00 A.M.-10:00 A.M.

Jacqueline Donaldson Doyle, AHIP, manager, Clinical Innovation and Continuing Medical Education, Banner Health System, Phoenix, will describe how the unique expertise held by the health sciences librarian can be leveraged to ensure that library activities are aligned with corporate and clinical strategic directions, thereby strengthening both the library and the librarian.

PLENARY SESSION 3

"GENERATIONS IN THE WORKPLACE"

Wednesday, May 22, 10:45 A.M.-NOON

Sponsored in part by EBSCO
Information Services.

William Strauss—writer, historian, playwright, and theatrical director—has coauthored several books about American generational history, from the Vietnam War generation to Generation X to the "millennials," his most recent subject. He coauthored the controversial book *The Fourth Turning: An American Prophecy*, a vision based on a provocative theory of U.S. history as a series of recurring eighty- to 100-year cycles. Strauss is partner and cofounder of LifeCourse Associates, a consulting group based in Great Falls, VA. He is co-founder and director of (and a frequent performer with) the Capitol Steps, a nationally known political satire troupe.

FNLM non-member: \$35 per person
Child: \$10 per person

Purchase tickets in the Registration Center and at the door.

Grab your Stetson and spurs and mosey on down to the main branch of the Dallas Public Library (DPL) for a real Texas hoe-down. Sunday, May 19, from 7:00 P.M.–9:00 P.M., the FNLM will host its annual reception with country-western music, authentic Tex-Mex cuisine, and good ole-fashion Lone Star State fun. The DPL will have on display an original Declaration of Independence, an original Shakespeare Folio, and a traveling children's literature exhibit. This is a wonderful opportunity to renew friendships and hear about the latest happenings at the National Library of Medicine. Y'all stop by now, ya hear!

HOSPITAL LIBRARIES SECTION CONNECTION RECEPTION

Lone Star Ballroom A4

Tuesday, May 21, 4:30 P.M.–6:00 P.M.

Sponsored in part by MARCIVE, Inc.

This reception, hosted by the Hospital Libraries Section (HLS), encourages hospital librarians to meet section leaders and to network with each other. It is a great opportunity for attendees to learn more about hospital librarianship or the section—and have a free glass of wine and hot hors d'oeuvres! Speakers from HLS programs will be on hand as well.

INTERNATIONAL VISITORS RECEPTION

Majestic 6 and 7

Sunday, May 19, 5:30 P.M.–6:30 P.M.

Sponsored in part by EBSCO Information Services.

All international visitors are invited to a special welcome reception and orientation session. The National Program Committee, MLA Board of Directors, International Cooperation Section, and headquarters staff will be on hand to answer questions regarding MLA '02.

LEGISLATIVE UPDATE

Austin Ballroom 1

Monday, May 20, 2:30 P.M.–4:00 P.M.

Join the Governmental Relations Committee (GRC) for an update on legislation in progress and related activities. Learn how legislative and regulatory issues in the areas of national health information policy, health care and public health information resources, and health education information resources affect the ways librarians provide information and information services.

Invited speakers will be Dale Dirks, president, Health and Medicine Counsel of Washington, Washington, DC, and Representative Henry Bonilla (R-Texas, 23rd District). GRC Chair Logan Ludwig, Ph.D., will highlight key actions taken by the committee and the Joint MLA/Association of Academic Health Sciences Libraries (AAHSL) Legislative Task Force on behalf of the association over the past year.

What's in your bibliographic toolbox? When you're ready to roll up your sleeves and get to work, we have three distinctly different, professional-grade software tools designed to power through jobs of any size. These tools simply can't be beat when it comes to time-saving power, unlimited versatility and operating simplicity.

PubMed and hundreds of Internet libraries are at your fingertips whenever you need to locate references for publishing your research. Building your database has never been simpler, with references instantly appearing—and ready to cite!

Forget typing bibliographies and citations. Our powerful bibliographic tools deliver quick results when selecting citations. Your document is instantly transformed when you choose a journal style. Drawing on the power of over 600 styles, re-typing and re-formatting references are now history.

Maintaining your references has never been easier. Add your own notes and keywords, or even build links between a reference and an electronic reprint (usually stored as a pdf file). You'll wish you'd found our high-efficiency tools a lot sooner.

Only one company has the full toolbox to cut even the most complex jobs down to size. ISI ResearchSoft. Nothing else stacks up to ProCite's flexibility, EndNote's simplicity and Reference Manager's power. The choice is yours.

General Information

ACADEMY OF HEALTH INFORMATION PROFESSIONALS

See "MLA Connection Booth" listing for hours

The Academy of Health Information Professionals is MLA's professional development and career recognition program. The academy offers credentials to members at various levels of achievement and mastery of the essential areas of knowledge in health sciences librarianship.

By attending MLA '02, you are eligible to earn up to one point of academy credit per meeting day, for up to three days per year. In addition, the academy recognizes contact hours earned through continuing-education courses and symposia. For a detailed listing of the courses offered at this meeting and their corresponding contact hours, please see pages 22-24.

Learn first hand how you can earn your Academy credential. Please join members of the Credentialing Committee for a question and answer session on Monday, May 20, 3:00 P.M. to 4:00 P.M., in Majestic 3. Individual consultations are also available. Visit the MLA Connection Booth for further information.

AMERICANS WITH DISABILITIES ACT

The Medical Library Association wishes to ensure that no individual with a disability is excluded, denied services, segregated, or otherwise treated differently than other individuals because of the absence of auxiliary aids and services. The Adam's Mark Hotel is fully accessible to those with disabilities, including wheelchair-accessible meeting rooms. Wheelchair-accessible directions are available upon request. If you need any auxiliary aids and services identified in the Americans with Disabilities Act, please stop by the Registration Center to make your request through the meeting planner.

BUSINESS CENTER

Near Austin Ballroom, Second Floor

Monday-Friday, 7:00 A.M.-6:30 P.M.

Saturday-Sunday, 8:00 A.M.-6:30 P.M.

The Adam's Mark Hotel's full-service business center features computer rental, fax services, color copiers, and professional staff to serve you seven days a week.

CHILDREN

Children old enough to walk must have a badge. Complimentary children's badges are available at the Registration Center.

Child care is available through Caring Hands, 972.259.1184. A "hotel sitting" costs \$8.00 for one child, plus \$1.00 for each additional child. There is an additional \$12.00 agency fee. Clients (attendees) pay the sitter directly. The minimum is four hours.

Child care organizations are not associated with MLA, and any use of them is strictly by agreement between the provider and the user. MLA disclaims any liability for the use of child care. Check with the hotel concierge for more child care information.

COLLEAGUE CONNECTION

Meet new colleagues and build your professional network through Colleague Connection! This popular program, sponsored by MLA's Membership Committee, pairs new members or first-time meeting attendees with more experienced members. Once assigned, each pair of colleagues works out its own meeting schedule. Initial contacts made through Colleague Connection can lead to lifelong friendships with your peers. The deadline was May 6, but for an "emergency" connection or to help a colleague, speak with Virginia A Lingle, AHIP, at the MLA Connection Booth or at the New Members/First-Time Attendee Orientation and Reception (see page 15).

COUNCIL DISPLAY TABLES

Registration Center area

Section Council

Membership brochures from sections will be available, and section council members will be on duty to answer questions about section membership. Quilt squares displaying the logos of sections will be on display. If your section has produced a quilt square, a sticker with the section logo will be available for members to put on their badges.

Chapter Council

Visit the Chapter Council display table for information about fourteen geographic chapters. While at the display, you can check out chapter newsletters, projects, and chapter membership information. Visit the booth early to pick up your chapter designation sticker.

HOSPITALITY CENTER

See "Registration Center" for hours

Discover "Big D!" Make the Hospitality Center your first stop for maps and information about local attractions. Sign up for the ever-popular "dine-around," a great way to meet new colleagues and experience one of Dallas' excellent restaurants. Members of the 2002 Local Assistance Committee and other experts on the area staff the center.

INFORMATION DESK

See "Registration Center" for hours

The Information Desk is part of the Registration Center. You may leave messages for members of the Board of Directors, MLA staff, and colleagues there, or stop by if you have questions about MLA memberships, meetings, or other activities.

LOST AND FOUND

See "Registration Center" for hours

Please bring any lost and found items to the Information Desk, located in the Registration Center.

depend on OCLC services

OCLC—the power of library cooperation at work for you!

The OCLC FirstSearch service offers MeSH in MEDLINE and links full-image articles from OCLC FirstSearch Electronic Collections Online to MEDLINE and many other FirstSearch databases.

OCLC ILLiad Resource Sharing Management Software, which supports EFTS and interfaces with the web version of DOCLINE, automates routine borrowing and lending functions—increasing productivity and improving ILL turnaround time.

The OCLC Cataloging Express service speeds access to library materials by providing an easy-to-use, web-based copy cataloging solution for smaller libraries that supports NLM, LC and Dewey call numbers.

Check your conference program for the times and locations of special OCLC sessions you don't want to miss! And be sure to ask us about the new OCLC Cataloging interface and your migration options.

MLA '03: CATCH THE WAVE

Entrance to Hall of Exhibits

See "Hall of Exhibits" for hours

"Catch the Wave" reflects the timing, positioning, relaxation, and flexibility required by MLA members to achieve their goals in the whitewater of their workplaces. MLA '03, May 2 to 7, 2003, at the Town and Country Resort Hotel in San Diego, will be all about looking to colleagues, mentors, and others to learn and refine your skills and techniques, while maintaining a sense of humor. Stop by the MLA '03 booth to inquire about ways to enhance your knowledge-base and share experiences.

In the Hall of Exhibits**HALL OF EXHIBITS**

Tuesday, May 21, 10:00 A.M.–3:00 P.M.

The Hall of Exhibits offers you an opportunity to learn about the latest products and services from some of the most respected names in the profession. More than 100 exhibitors are expected. The Hall of Exhibits also includes the Poster Sessions, a twenty-four-hour-a-day Internet Center, and a hands-on Learning Center to test-drive the latest software or view videotapes. To enjoy the many displays fully, we suggest that you allow six hours during the four-day period for walking through the Hall of Exhibits.

THE INTERNET CENTER

Hall of Exhibits

Open twenty-four hours a day
Saturday, May 18, 5:45 P.M.–Tuesday, May 21, 3:00 P.M.

Sponsored in part by Elsevier Science.

The MLA Internet Center is a mini-network of computers that provides convenient Internet access and demonstrations for meeting participants. With knowledgeable colleagues on hand to assist you, you can learn about the wide range of information resources that are available through the power of global networking. Telnet and a few different graphical email applications will be available on the computers, so you can access your email. To access your offsite email, bring the name and, if possible, the Internet service provider (ISP) number of your host (mail server) and your user name and password.

Tuesday, May 21, 8:30 A.M.–4:00 P.M.

A one-stop shop for all things MLA, the MLA Connection Booth brings together the MLA Scholarship Booth (featuring meeting logo items and other fun products to benefit the MLA scholarship fund), MLA publications (at special meeting discounts), the third annual PR Swap and Shop, access to MLANET, and information about all of MLA's programs and services.

NEWSLETTER

Distributed in the Adam's Mark Hotel

Pegasus Flyer, the newsletter of MLA '02, will be published daily from Sunday, May 19, to Tuesday, May 21. Please submit newsworthy short articles, date or time changes for social events, and other interesting items to MLA staff at the MLA Connection Booth by 4:00 P.M. on the day before the intended issue. A Microsoft Word file on disk is preferred.

THE LEARNING CENTER

Hall of Exhibits

See "Hall of Exhibits" for hours

Organized and staffed by members of the MLA Educational Media and Technologies Section, the Learning Center is a demonstration area that provides hands-on exposure to various software and videotape programs. If you select or support these types of instructional resources for your institution, stop by the MLA Learning Center to explore and evaluate the programs firsthand and discuss your experiences with colleagues. The Learning Center offers numerous computer-based instruction programs for review that are either new programs or programs that have been recently updated. It is also equipped with VCRs and televisions for reviewing newly released videotapes.

POSTER SESSIONS

Hall of Exhibits

Sunday, May 19, 3:00 P.M.–4:00 P.M.
Monday, May 20, 3:00 P.M.–4:00 P.M.

Sponsored in part by Endeavor Information Systems.

Visit the Poster Sessions and learn best practices that have been field-tested by health information professionals. Different sets of both print posters and interactive computer demonstrations are part of the event. Presenters will staff the sessions each day from 3:00 P.M. to 4:00 P.M. on Sunday and Monday to answer questions and describe their work.

Personal Digital Assistants/
Handheld Technology for the
Clinician: Information at Hand—
Anywhere, Anytime**
Austin Ballroom 2

In today's fast-paced health care field, clinicians are expected to be consistently up-to-date with the latest medical information. But it is believed that 70% of clinicians' point-of-care questions go unanswered. Join Ovid Technologies to learn how personal digital assistants (PDAs) can help busy clinicians get answers to their critical questions anywhere, anytime. Ovid @ Hand turns PDAs into essential, portable research tools.

NLM Online User's Meeting
San Antonio Ballrooms A and B

NLM staff will discuss the addition of the new citations from former Systematic Reviews and other subsets; changes to LinkOut, including improvements to the submission utility and increased participation by libraries around the world; an update on Unified Medical Language System (UMLS) activities; and a brief update on planned changes for DOCLINE.

A.D.A.M.: Engaging Information for Every Patient *Trinity 4*

A leader in interactive, engaging, physician-reviewed consumer content, A.D.A.M. now includes the respected Well-Connected in-depth library of patient reports and richly illustrated, reliable, up-to-date, evidence-based information about alternative therapies from Integrative Medicine. Added to its illustrated encyclopedia, anatomy guide, tools, and animations, these new resources complete a broad-content solution. A virtual tour shows how this authoritative new product adapts to the differing needs of patients, from low-level basic overviews to detailed discussions or links to recent literature. URAC accredited. Spanish edition.

American Psychological Association (APA) *Majestic 3*

Psychopharmacology, clinical assessment, disorders and treatment, neuropsychology, rehabilitation, and clinical trials: learn about the quality bibliographic and full-text content on these and other behavioral medicine and mental health topics in PsycINFO and PsycARTICLES. We will provide both an update on recent changes to APA databases and a search-techniques refresher for experienced users.

EBSCO Information Services *Cityview 7*

EBSCO Information Services provides integrated information-management services to biomedical libraries worldwide. We offer comprehensive subscription management, electronic journal access and management, and online full text and bibliographic databases. Join us to find out more about EBSCO services for biomedical libraries.

Gale *Cityview 5*

Gale representatives will present and demonstrate our popular consumer health database, Health and Wellness Resource Center with Alternative Health module. Please join us to view the new medical titles print collection, which complements this database. Some of the titles we will display are the newest edi-

tions of the *Gale Encyclopedia of Medicine*, *Encyclopedia of Alternative Health*, *Gale Encyclopedia of Genetic Disorders*, and *Gale Encyclopedia of Nursing and Allied Health*. Our focus will be to show how Gale proprietary content, combined with full-text periodical content, can create a tool for librarians that is unbeatable in providing answers to today's health reference needs.

New Developments at Ovid: Learn about New, Innovative Technology *Austin Ballroom 3*

Ovid has innovative and cutting-edge technology. Join us to see what's new in state-of-the-art software functionality. Learn about latest developments in customization, integration, and features that can make getting the answers to your questions fast, accurate, and easy! When you need specific information fast, Ovid gets you there!

BMJ Publishing Group: The Quest for Evidence Based-Diagnostic Topics *State Room 1*

As publisher of *Clinical Evidence*, one of the definitive works in evidence-based medicine, the BMJ Publishing Group must constantly search the world's literature. Join us for a lively discussion on searching and appraising the evidence for diagnostic topics.

WebMD Introduces Surgical Information System, www.acssurgery.com *Austin Ballroom 2*

WebMD, publisher of WebMD Scientific American Medicine, introduces ACS Surgery: Principles & Practice, the online surgical information system from the American College of Surgeons. Learn about its many features, including monthly updating, references linked to PubMed, decision-making algorithms, and self-assessment program. A \$100 American Express gift certificate will be raffled and breakfast will be provided.

Parliamentary Procedures

Parliamentary rules are established to aid organizations in the orderly, expeditious, and equitable accomplishment of business. Because order and good will are essential to working together and achieving common goals, it is essential that association members understand parliamentary procedure. The following overview is a guide to participating in business meetings of the Medical Library Association.

PARLIAMENTARY AUTHORITY

Article XIII of the 2000 revised Bylaws of the Medical Library Association provides that rules in the 1990 edition of *Robert's Rules of Order Newly Revised* shall govern the association in all cases where they are applicable and in which they are not inconsistent with the Bylaws of the association.

RULES OF THE ASSEMBLY

The following rules govern the conduct of MLA business meetings.

THE FLOOR

When addressing the chair, the person desiring recognition moves to a microphone and gives proper identification, including name and institution, as well as city and state or province; only MLA members are permitted to speak on the floor of the assembly.

MOTIONS AND RESOLUTIONS

Main motions (those introducing new business) may be brought to the assembly only if written copies have been distributed at least twenty-four hours before the meeting to each Voting Member present or by unanimous consent of Voting Members present. Resolutions are motions presented formally.

DEBATE

Debate is limited to two minutes for each speaker; no speaker may have the floor twice on the same question until all who wish to speak have spoken. Members speaking a second time are limited to one minute.

QUORUM

A quorum of 250 Voting Members is required for the transaction of business. For purposes of determining a quorum, a person eligible to cast two votes is counted as two Voting Members.

VOTING

To facilitate the counting of votes, voting paddles are provided to all eligible voters attending the annual meeting. Voting paddles are color-coded to distinguish between Institutional and Regular Members. General consent may be used as a method of voting if there is no objection. Any of the foregoing rules may be suspended by a two-thirds vote.

UNDERSTANDING MOTIONS

Motions are classified according to their purposes and characteristics.

MAIN MOTIONS

An original main motion brings a new substantive question before the assembly for consideration and action. An incidental main motion relates to other business of the assembly or its past or future action. Incidental main motions include motions to amend something previously adopted and to rescind.

SUBSIDIARY MOTIONS

These motions may alter the main motion and are related to it.

- Lay on the table (a temporary delay)
- Previous question (to stop debate)
- Limit or extend debate
- Postpone to a certain time
- Commit or refer to a committee
- Amend
- Postpone indefinitely (to kill)

PRIVILEGED MOTIONS

These motions have no direct connection to the main motion. They are the highest-ranking motions and are designed to take care of emergencies that arise in the assembly.

- Fix the time at which to adjourn—set an adjourned meeting
- Adjourn
- Recess
- Question of privilege
- Call for the orders of the day

INCIDENTAL MOTIONS

These motions arise only incidentally out of business before the assembly. Most of these motions are not debatable and are handled as soon as they arise. Some incidental motions are:

- Appeal from the decision of the chair
- Consider seriatim (consideration by paragraph)
- Division of the question
- Parliamentary inquiry
- Point of information
- Point of order
- Suspend the rules
- Withdraw a motion

MOTIONS THAT BRING A QUESTION BEFORE THE ASSEMBLY AGAIN

- Take from the table
- Reconsider
- Rescind or amend something previously adopted

PRECEDENCE OF MOTIONS

Precedence sets the priority of motions and the order in which they must be proposed and considered. Subsidiary and privileged motions are ranked in this descending order:

- Fix the time at which to adjourn (highest ranking)
- Adjourn
- Recess
- Question of privilege
- Call for the orders of the day
- Lay on the table
- Previous question
- Limit or extend debate
- Postpone to a certain time
- Commit or refer
- Amend
- Postpone indefinitely
- Main motion

Only those motions that are higher in rank than the pending motion are in order and may be made. For example, when the main motion and the motion to commit are pending, only motions of higher rank than "commit" may be made.

MEYLER'S SIDE EFFECTS OF DRUGS

FOURTEENTH EDITION

AN ENCYCLOPEDIA OF ADVERSE REACTIONS AND INTERACTIONS

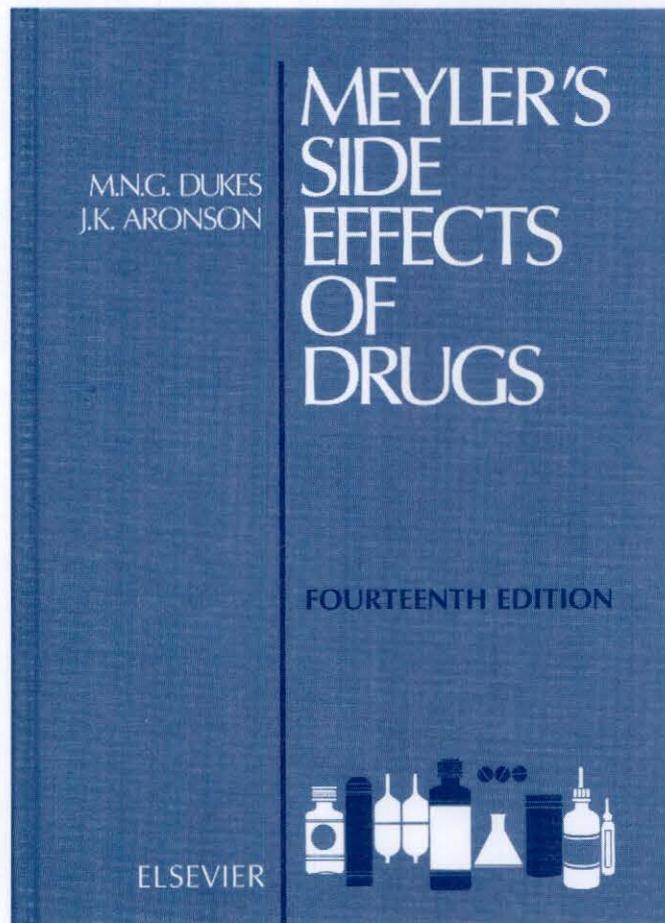

ISBN: 0-444-50093-6
Hardbound. 1912 pages
2000. Price: \$315.50
ELSEVIER

Edited by

M.N.G. Dukes, Oslo, Norway

J.K. Aronson, Oxford, UK

Part of the series *Meyler's Side Effects of Drugs*

"This book appropriately seeks to provide an informed view of unwanted drug effects in order to make it possible to assess the potential benefits versus the potential risks of the drug to the patient. This objective is thoroughly met."

The book covers essentially all drugs and drug classes currently used in clinical medicine. It is comprehensive with 49 chapters, including a chapter on the increasing important alternative (or complementary) therapies, and a chapter on miscellaneous agents and medical devices. Comprehensive indexes of drugs and of side effects are included.

This encyclopedic and authoritative book will be of use to residents and practitioners in all specialties of medicine and pharmacy. This is an excellent and needed update of the venerable tome on adverse effects of drugs."

Doody's, (D.B. Bylund, University of Nebraska Medical Center), 2001

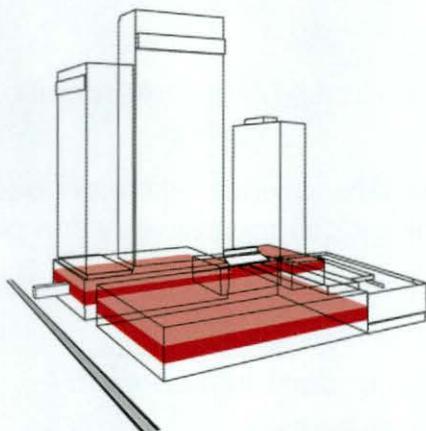

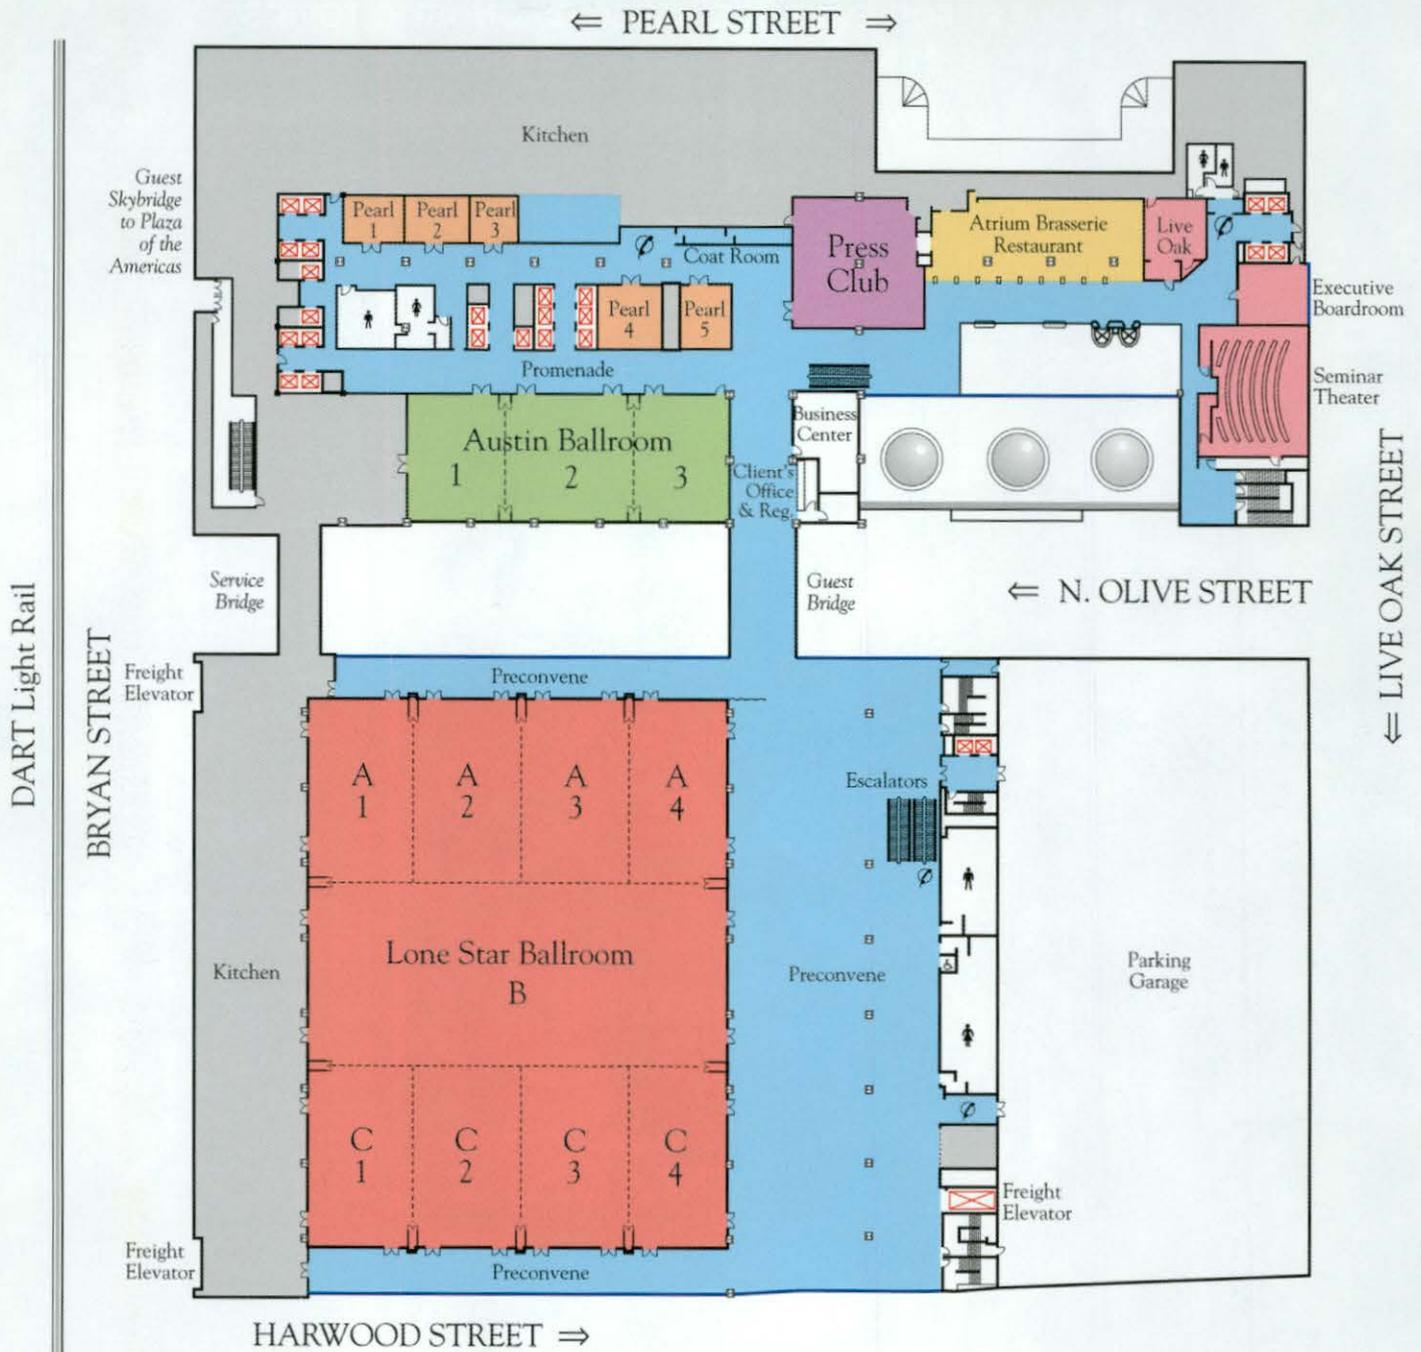

Meyler's Side Effects of Drugs, Fourteenth Edition, summarises *Annals 20 – 23* of the series "**Side Effects of Drugs Annals**". Each *Annual* can be used independently or as a supplement to Meyler 14. These *Annals*, as well as *Annual 24*, are now available.

iMedicine, the Institutional and Enterprise Edition of eMedicine, features all of the content of the World Medical Reference without the advertising. Our user satisfaction rate is outstanding, with over 90% of users rating our Website very good or excellent and desiring iMedicine at their institution. Now, with our new user interface, upgraded features like PDA downloads and unlimited continuing education options*, and a 10% introductory discount through June, we're making it even easier to get to the clinical answers you need with the speed of the Internet.

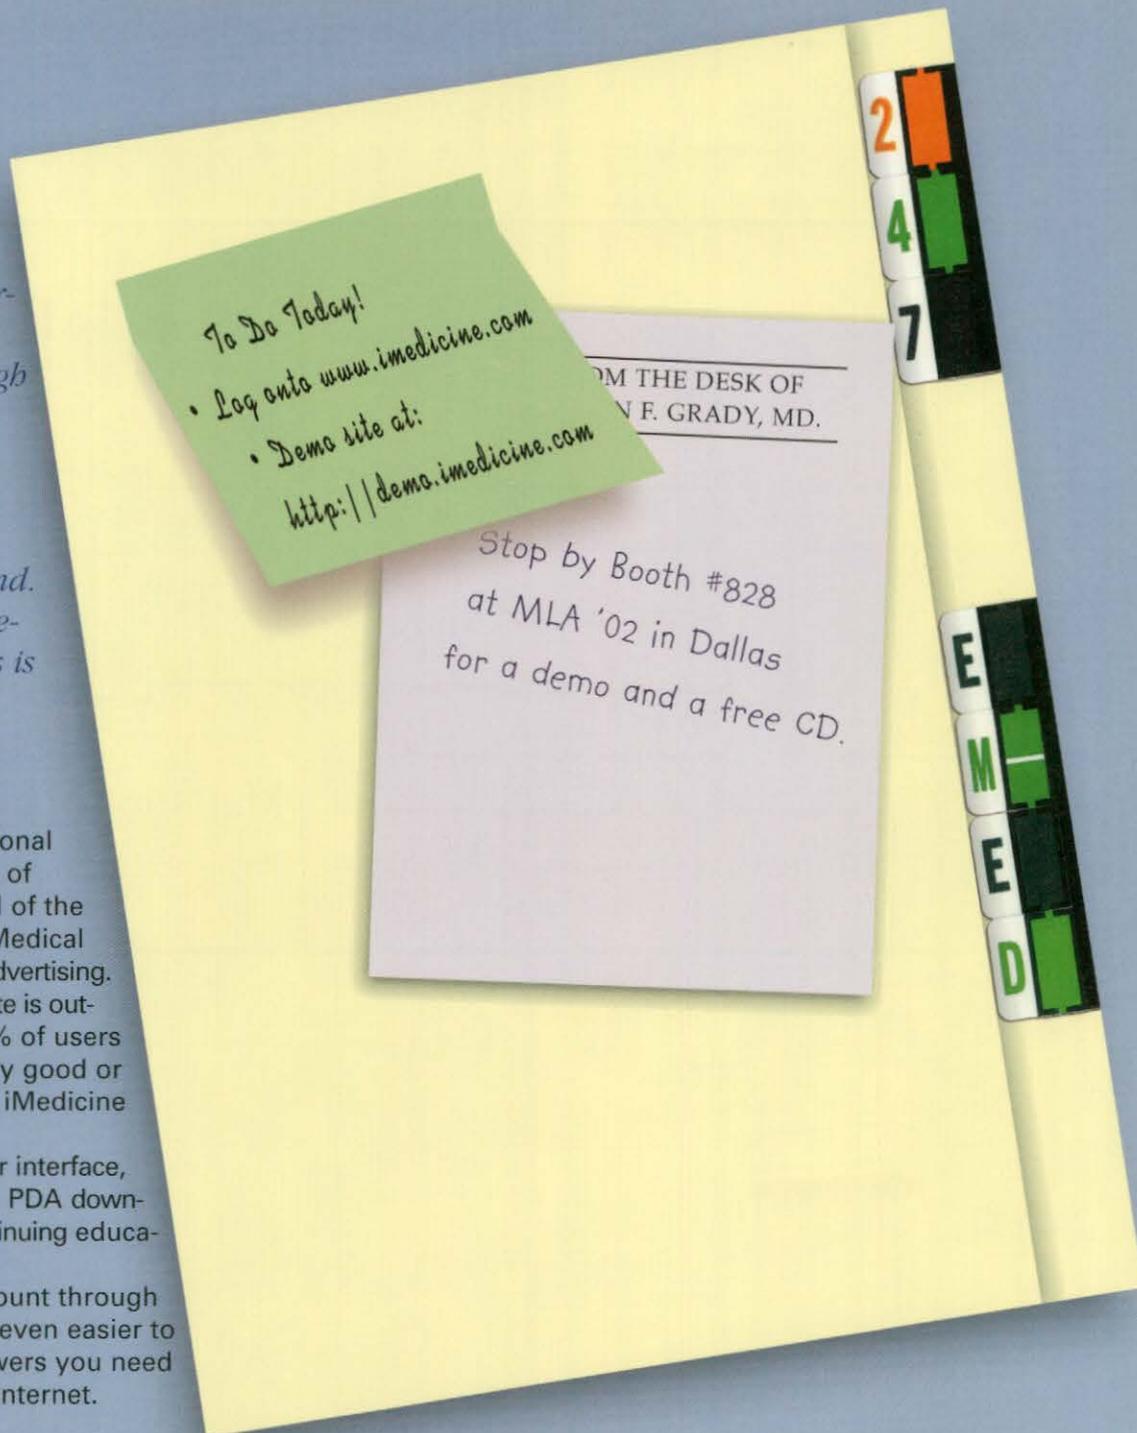

iMedicine is the definitive point-of-care reference, and the ONLY knowledge base with all these features:

- Developed by 10,000 physician academic authors and editors
- Peer reviewed by 4 MDs and a PharmD for each of more than 7,000 articles
- Covers all 62 boarded medical and surgical specialties
- An Image Bank of over 25,000 teaching quality multimedia files and images
- Fully accredited for 40,000 hours of continuing education credit for physicians, nurses, pharmacists, and optometrists
- Powered by the patented GPS publishing software system that enables 24/7 updates
- Available unlimited continuing education units and PDA/handheld computer downloads for all articles

Call Client Services Manager Kristen Garrett-Gonzalez, MLS, toll free **866.247.eMed (3633)** or e-mail **247emed@emedicine.com** for more information or information or a no-obligation trial subscription today.

*The continuing medical education component of eMedicine is sponsored by the University of Nebraska Medical Center in cooperation with the Center for Continuing Education. The University of Nebraska Medical Center is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Catch the Wave in San Diego May 2-7, 2003!

Town and Country Resort Hotel

"Catch the Wave" reflects the timing, positioning, relaxation, and flexibility required by MLA members to achieve their goals in the whitewater of their workplaces.

We must look to our colleagues, mentors, and others to learn and refine skills and techniques, enhance our knowledgebase, and share experiences, while maintaining a sense of humor.

MLA '03 is designed to facilitate learning, information sharing, and personal networking in a casual, fun environment.

The 2003 National Program Committee welcomes you to San Diego and looks forward to your participation!
